## *Message of Nov. 30, 1993, from Our Lord Jesus*

**Ruth Ann:** Lord, You wish to speak to me?

**Jesus:** Little one, do you wish to listen?

**Ruth Ann:** Yes, Lord. Is there something in particular You'd like to tell me?

**Jesus:** Only this, little one. Know that God is pleased that you are taking the task put before you, seriously. You are learning much by being unselfish with your time and sharing it with God and so many others. The teachings I am sharing with you are for all of My children, so when you listen, it is as though you were in a giant assembly hall, listening to an important lecture. The only thing is, you are the only one there taking notes, for all of My children who could not be there. See how important it is for you to listen not only for Me but for all those who were unable to hear. Would you have them miss a single word? No, for you know what I am saying is of great importance. I wish to thank you for listening little one, and for being obedient. I am pleased you continue to listen, write, and share what is being said to you, so that those who cannot listen will know what I am saying.

I would like to talk to you about gifts, child. So many of My children have been given special

gifts and talents, and they continue to hold these gifts. Gifts are to be shared. They are not given to you for you alone to keep. There are so many gifts that are going to waste, because My children think that these were given to them alone. This is not true. Some continue to say to themselves, "What is God's will for me? How can I discern what it is He wishes for me to do?" Be attentive, My children. If you have a special gift, then know in your heart, I would have you share this gift with those around you. I was an example for you. I came from a very humble background, but I shared everything I had, including My life. I expect

no less from My children.

Many of you say you have no special talent because you are not musically inclined, or artistically inclined. That does not mean you do not have something to share. Think of the corporal works of mercy your Jesus has stressed over and over, (visit the sick, clothe the naked, shelter the homeless, bury the dead, visit the imprisoned, feed the hungry, give drink to the thirsty). These are but a few of the major concerns that need to be tended to.

There are causes that need to be fought for, the abortion issue, to name one. These do not take special talents, but it does take time and effort. Time and effort that you should take so that the pain and suffering of your neighbor can find some relief. Sometimes, giving of self is a greater gift than being blessed with a special talent. We cannot all be gifted singers, artists, speakers, and so forth, but we can all be compassionate people who are willing to help our brothers and sisters. It is important to know these things. Anything you do to help the least of My children, you do unto Me.

During this Advent season, preparing for My humble birth, you should realize just how important these words are. Many will not experience the warmth of a home, family. These, the least of My children, are in need of the tender

loving care and concern that comes from a love for your neighbor. The greatest of My commandments, 'Love God and your neighbor as yourself for the love of God'. If man would truly read and listen to what God is calling him to do in that one commandment, there would be no wars, no one without shelter, and no one hungry.

Share your gifts and talents, children. In some cases, it could be as simple as visiting the elderly who have no one to look out for them. How much energy and time does it take to speak with someone lonely or needs the help of someone running an errand? Put yourself in the place of one who is in need. Would you not want someone to take the time to tend to your needs, or the needs of a family member? What would your Jesus do? If My children would ask themselves this question when they are not sure what they should do, they would never have a difficult time knowing what to do and when to do it. Follow My example. That is why My father sent Me to the earth, to teach My children by example what is expected of them. The road is not easy, but once traveled, the rewards are great. Love one another, and show this love by sharing what God has given to you.

**Ruth Ann:** I will share what You have said, Lord.

**Jesus:** Go in My peace, little one. Thank you for listening and sharing My words.

*Message of May 29, 1991,  
from Our Lady to Prayer Groups*

My Dear Children,

You must realize that God loves you. As a result of this love, He has given you many gifts. These gifts are not for you alone, but are for all those around you. Share your special gifts. As a result of this sharing, you will become closer and closer to Our Lord. Turn your lives over to God. In so doing, you are doing His will. You were made to know, love and serve God. How better can you do this than by doing His will? These special gifts given to you by the Holy Spirit are not only to help you find salvation, but are there to help you to help others to salvation. Share your gifts. Love one another enough to share these gifts. As you do this, you will know God. You will become one with Him.

*Message of January 4, 1995,  
from Our Lady to Prayer Groups*

My Dear Children,

As your Mother, I am here to be of help to you in any way you need. God loves you, and because of this love, He continues to find ways to touch you in a special way. Each one of you has been given a special gift. These gifts are not for you to keep, nor hide under a bushel. They are there for you to share. Just as a light is extinguished if it is covered, so too, are your gifts. In sharing your gifts with others, they are not only kept glowing, but they continue to grow and burst into a giant flame, to warm the hearts of all those with whom you share. Share your gifts so God's love and peace will radiate to those around you. Pray, little children. Accept the challenge I am

giving to you, so that others may experience God's peace, and the beauty of God's gifts given to you to share.

*Message of July 5, 1994,  
from Our Lord Jesus*

**Ruth Ann:** I'm allowed to speak with You any time I wish. I don't understand why this is true.

**Jesus:** You are achieving the ultimate goal of all My children. In the Garden of Eden, before sin, this was to be My means of communication with all My children. Through sin, mankind has turned his back on Me, and shut Me out. He no longer listened to what I had to say. If there had not been sin, all of My children would be communicating with Me in this manner. You have been blessed with a very special gift. This gift was given to you because I have chosen to do so.

**Ruth Ann:** But Lord, I'm a sinner. I still don't understand.

**Jesus:** This is so of all My children. I have chosen this gift for you, so you may share it with others.

**Ruth Ann:** Thank You, Lord, this has touched me very deeply. I can't imagine being allowed to have access to You in such a way.

**Jesus:** It is because I know you will use the gift properly and with responsibility. You will not abuse, and have never abused, this special blessing.

**Ruth Ann:** Again I thank You, Lord, for this special blessing, unworthy though I am.

**Message of July 7, 1994, from Our Lord Jesus and Our Lady**

**Ruth Ann:** Lord, I made it through another talk. I truly felt You and Your Mother were with me all day. She gave me peace early in the morning and it stayed with me throughout the talk and prayer. It was a very powerful evening. The Holy Spirit was definitely at work. Thank You again, and also I would like to thank Your Mother.

**Our Lady:** Child, you have been frightened of what God has chosen for you to do, that it was extremely important for Me, as your Mother, to let you know I am truly here for you. You have spoken of being alone. Don't ever feel you are alone. I am your Mother and I will never leave you. Much is expected of you, child, and it will all be done for the greater honor and glory of God. Since it is for His honor and glory, We will be there to help you with all you do, and all you are called to do. We will not leave you orphaned.

You feel because you cannot see Me that I am not there. That is not so. This was not to be your gift, child. You have been given a very special gift. You have access to your Mother and Jesus, and yes, other Heavenlies when you so desire. You have had this explained to you. Each child is different. Each gift is different. Be at peace with your gift. In time, you will see My Son. What greater gift! Realize, this will be a mixed blessing. The more you receive, the more will be required of you, but also realize, child, We are here for you.

**Ruth Ann:** Thank You, Mother, and again, thank You for getting me off to the right foot yesterday, and helping me be at peace throughout the day.

**Our Lady:** You are welcome, child. I thank you for being obedient. Go about your day surrounded in the peace of your Jesus, knowing once again you have done the will of the Father in Heaven.

**Ruth Ann:** Lord, I really expected to talk with You, so speaking with Your Mother was a special surprise this morning.

**Jesus:** She wished to thank you for all you are doing on My behalf, little one. That is the way of My Mother. She is working continuously to bring Her children to Me, and present them in such a way that I will take pity on them. She wishes all God's children to be saved. God's children are Her children. She feels responsible for each soul, since She is the Mother of all. Therefore, She is especially touched by those of you willing to witness and pray with others. Anything you do to draw God's children closer to Me, is especially touching to My Mother. She calls out for help over and over. Not many are listening. Those who do, and truly take what She is saying to heart, are pleasing to Her and to Me.

**Ruth Ann:** I thank You both for assisting me last evening. I know I had nothing to do with it, so I thank You for all that You and Your Mother did last evening.

**Jesus:** Much can be done when those who are witnessing for Me

are being humble, obedient, and giving of self. Blessings are yours, child, for being of the heart and mind of your Jesus.

You have a busy day ahead of you. Know what you do is greatly appreciated and pleasing to Me. Go in My peace. Trust with all your heart in the greatness and goodness of your God.

**Ruth Ann:** Yes Lord, I will, and I also thank You for these beautiful words.

**Jesus:** These are words to be shared, child, so all will be aware of how much everything you do for the greater honor and glory of God is truly pleasing in His sight. It will encourage others to work harder at prayer and acceptance of their plight in life. It will also help them to realize if they ask for the help of Me or My Mother for anything, We will be there for them, just as We are there for you. My Mother has many graces available to all Her children. Her children need only ask for these graces. Remember, ask and you shall receive.

**Ruth Ann:** Thank You for the reminder, Lord.

**Message of Jan. 21, 1995, from Our Lord Jesus**

**Ruth Ann:** Lord, this is Saturday. Please be with me, as we witness to your greatness and goodness.

**Jesus:** You have asked, and it shall be so.

**Ruth Ann:** We have been extremely busy the past couple of months. Thank You for being here for us, because during this time,

Jim and I have both had bronchitis, as well as the rest of the family.

**Jesus:** I have tended to your every need, have I not?

**Ruth Ann:** Lord, you have always said the energy and strength would be provided to do Your work, and it has always been exactly as You have said. Thank You.

In one of the books I am reading, Lord, it speaks of the 'voices' being used, having a tremendous responsibility, and the tremendous responsibility is three-fold: the responsibility not to add to what is being said, to share what is being said, and to give all the credit to God. I hope, Lord, that I am doing all those things You would have me do, for Your greater honor and glory. Could you elaborate on what I have just said? I am especially touched by this gift being called 'a super-natural gift of hearing', and the visions being allowed as 'super-natural gift of sight'. I have never thought of these gifts as such. It truly has touched my heart.

**Jesus:** Little one, these gifts are just that. Certain revelations are given to those of My chosen ones to share with the rest of My children, so their eyes and ears too, can be opened. As your priest has always said to you, God wishes to speak to all of His people, and He does so in many ways. Some acknowledge this as coming from God, and others attribute it to 'luck', or 'having a good day'. It is true that God is careful in choosing those to listen and share, because it is a heavy cross that My children carry. Those who take this responsibility to their heart, have

much to sacrifice. You have discovered this over time, have you not?

**Ruth Ann:** Yes, I have, Lord.

**Jesus:** The blessing has been mixed, as you have said, but it need not be so. Those who have been given such a gift, must accept it with a humble heart, and realize that it is just that, a gift. It is one that is given by God, and can be removed by God, and one must accept it as such, realizing that God can remove it at any time.

**Ruth Ann:** Lord, somehow I feel this is all relevant.

**Jesus:** Little one, you have been reading those things that I would have you read, to explain some things I would have you know. This information is for confirmation, so necessary to My children. In a time when Satan is at his strongest, it is important for those of you who are trying to do God's will, to have the support and confirmations so necessary to continue to carry such a heavy burden. I am providing the confirmations and affirmations that are needed at this time.

**Ruth Ann:** Thank You, Lord. I can't help feeling that this has some connection with me, and the removal of such gifts.

**Jesus:** Little one, you have been told weeks ago that My Mother's messages will cease, those that are to be shared. You began to feel it had something to do with your unworthiness. Now you have been given to know in your heart, that the Lord giveth, and the Lord taketh away. These gifts are for

His needs and His purpose. When these needs and purposes have been fulfilled, then the need is no longer there for the sharing of this particular gift.

**Ruth Ann:** But I was told that Your Mother would always be here for me, and would continue to speak with me as I have need of Her.

**Jesus:** This is true, little one, but the messages to share will soon cease. When that time comes, you must not be saddened. You will know it is the will of God, and it is for a reason.

**Ruth Ann:** Thank You, Lord, for the comforting words. And thank You for consoling me before it ever happens.

**Jesus:** Little one, God wishes you to always be prepared for what is to come. It is true, only those things that He wishes you to know are revealed to you, in His time, and in His way, because He does not wish you to be overburdened. Your gift does not allow you to know the future, for yourself, or others. But your gift does allow you to be prepared for those things that God wishes you to have access to. You are not to worry about tomorrow. You are to tend to the work that God has made available to you to do today. You have accepted the gifts that God has given to you, and you have used them wisely and responsibly. You have given God all the credit, and you have not accepted any of the credit for yourself. You have not abused the gifts, and you have shared those things that you have been asked to share. That is why

you have been chosen to receive such a gift as this. You have been, and will continue to remain humble, realizing you are nothing without the grace of God.

**Ruth Ann:** Lord, not only must I remain humble, and I do pray that I remain so, I have a difficult time sharing my gift. Please help others realize I am not important, that it is your gift that is important, and the words You and Your Mother share. I do not wish to be made out to be more than I am. Just like everyone else, each of us has a special gift of some kind. Some of us are just expected to be more visible than others, with their gifts.

**Jesus:** Little one, continue to feel this way. This, too, is a gift. The gift of humility is just that, a gift. God wishes you to be humble, so that others may see that humility in you. Child, you are needed in these times. So many of My children feel that power and strength are of importance in this age of materialism. It is important that my children see that there are still those who seek not to be important, but only to do the will of the Father, just as I and My Mother have done. You do not seek to be known, nor do you seek monetary rewards. God will tend to all your needs, and will see that those who need to hear the words being spoken to you by Him and His Mother, will hear them. You need not do anything. It will all be done for you.

Continue to listen and share those words being spoken to you. 'Obedience' and 'trust' are the words that are extremely important in doing the will of God. Be at peace

with your gifts, knowing God can remove them at any time as He so chooses. You will not be saddened. As a door is closed, another will be opened. Go in My peace, and know I am with you today, as I am at all times.

*Message of Feb. 6, 1995,  
from Our Lord Jesus*

**Ruth Ann:** Lord, I feel this need to talk with You.

**Jesus:** Little one, I am here.

**Ruth Ann:** Lord, I guess I feel I need to speak with You at every opportunity, because You have said You too, would cease giving messages to share.

**Jesus:** Little one, you need not be concerned. My Mother has had ample opportunity to say those things to Her children that needed to be said. So too, will it be the same for Me. It is not how many times you listen, but that you listen, and record those things I would have you share. There is no need for the guilt you carry, little one. I will say to you again, you have shared those things that needed to be shared. You have not abused My gift. Those things that have needed to be shared, have been shared.

Many would like to have used your gift so they could have known the future. That was not your gift. Your gift was to draw My children away from darkness, into the light. It is important that you remember this, when the gift is no longer there.

**Ruth Ann:** Lord, You sound as though this gift is going to be

removed sooner than I had anticipated.

**Jesus:** Little one, the 'words to share' will soon cease, but you will not cease doing the will of God, and neither will He leave you without the comfort of the voices of Me and My Mother. So you are not to worry. Your burden will become heavier, but you will not be left to carry this burden alone. It is important that you come to terms with these words. You are being prepared for a change, little one. You have heard these words before. The words that have been spoken to My children, have been spoken over and over, and in many ways, through many of My children, and they have yet to be taken as seriously as they are intended. Now it is time for these words to cease. You will need to be the strength, for many who have depended upon these words and messages.

You will still minister to My children, but in a different way. You will continue to pray for, and with, My children. The touching of the minds, hearts, bodies, and souls will not cease, little one. That responsibility will not be lifted from you. God has need of willing, obedient, humble vessels willing to do all that He asks of them. You are one of those vessels, child. Be at peace with what is being said. This place has been chosen by God as a special place of prayer. It is a refuge for those of My children who believe it to be blessed and holy. Many graces and miracles are given here, and they will continue, even though the words and messages will

cease. Many conversions take place here, and this will continue to be the case, but in greater and greater numbers.

Little one, you need not understand what is being said. You say, "How can this be?" Little one, it will be done through the grace and mercy of God, just as all things have been done thus far. You can do nothing without this special grace and gift given to you from the Most High God. You could not have started a prayer group, or brought about the numbers who come together out of reverence for Me and My Mother. None of this could have been done by you. You have the hand of God upon you. You have received His light and special grace to do His will. You need only listen, and continue to be open to all that He asks you to do. Remember these words little one, 'it will all be done for you'. This did not only mean physical things, but spiritual as well. The 'all will be done for you', is through the grace of God.

Now, if He has seen to all these things that have brought you this far, will He not tend to those things that are to come? You have been told that you are to experience change. The changes have been coming since your 'yes', and they will continue. Be at peace with what has been said to you. You have the strength to deal with anything God places upon your shoulders, or in your path. Many prayers are being said on your behalf, little one. God hears, and God is tending to these requests. Just as He listens to your prayers, as you pray for others, so

too, does He hear those that are being said on behalf of you, your family, and your mission.

You are tired, little one. You must take time to rest, and become renewed in body, mind, and spirit. Because you are a willing worker in My vineyard, does not mean it must be something that must be so great a burden that you cannot seek time away to become refreshed. This too, is important. Do not become overburdened, little one. You must also take time for yourself so you can return ready, refreshed, and willing to get on with the work and tasks set before you.

Be at peace, little one, and go about your day knowing you have served Me well.

**Ruth Ann:** Thank You, Lord.

***Message of Feb. 19, 1995,  
from Our Lord Jesus***

**Ruth Ann:** Lord, I am truly anxious to go to the Holy Land. Hopefully, we will have more time for prayer and quiet time than we had last year.

**Jesus:** Little one, you have expressed that desire as you left the Holy Land, now it has been arranged. Other special graces await you on your return trip to the land of My Birth, Death, and Resurrection. All things happen for a reason. Nothing is done by chance. There is a reason for your return trip. It is all part of the plan. As God's plan unfolds, you will be more and more aware of the 'big picture'. Be patient, little one, know all these things said in prophecy, are to be fulfilled. In

God's time, and in God's way, all things will be made known to you.

**Ruth Ann:** Thank You, Lord.

**Jesus:** Little one, be at peace with all you are called to do. You have been told change was to be the word that was to dominate your life at this time, and it is change you are experiencing. You have been asked to leave your Wednesday prayer group and St. Charles Church, and change your membership to another church. These things you have done. You are not to concern yourself with the things of the earth. You are to stay focused on Me. You are being molded by many changes that are taking place in your world. You are being asked to accept these changes with peace and love in your heart. God's plan is perfect, little one. More is to come, and you must be ready for all that is to be revealed to you.

Soon the words I speak to you, to share, will be removed from My Children. This too, will be for a reason. You will witness in a new way, and therefore, the weekly testimony will also, be removed. You have been told this many times. And now it is time to share these words with those who are listening, so they will be ready when the time comes for these words from Heaven to cease. You are not being told these things to frighten or cause alarm for My children.

The prayer on the farm will increase, little one. It will grow in leaps and bounds. The words from My Mother have ceased, and still She continues to draw others here
